Students’ compensation must be similar to current U.S. workers in the position.

The ISCF revenue is used to assist staff in compliance with Student and Exchange Visitor Program regulations, and in supporting our international student and scholar populations. During your time at UGA, this fee was paid through your student account.

Immigration Services will continue to assist and advise you during your OPT application process and your time on OPT. UGA-sponsored F-1 or J-1 students who are applying for work authorization through the Immigration Services office continue to pay the ISCF fee through the payment portal below.
